## BIG STEAMER ON THE ROCKS.

The Armenia Went Ashore Off St. John, N. B., This P. M.

A despatch to The Evening World from St. John, N. B., this afternoon announced that the steamship Armenia, which sailed from this port on Wednesday last, had run ashore at Nigger Head, seven miles from St. John, and would likely prove a total wreck.

The Armenia, which left this port on Wednesday last, belonged to the Anchor line. She left here with a cargo of coal, which she was to discharge at St. John and then take on a general cargo and passengers for Mediterranean ports. She was commanded by Capt. Shankland.

The Evening World notified the Anchor line on the telephone of the disaster to the Armenia. The representative of the line said that a despatch had been received earlier in the day from the captain, notifying the agents of the vessel's arrival. It was believed that the boat had safely reached port.

There is, among five other boats of the same name, an Armenia belonging to the Hamburg-American line. This is a new fast freighter of 5,500 tons. This steamer is in the Philadelphia service of the line.

The Evening World called up on the long distance telephone the Philadelphia office of the Hamburg-American line, of any mishap to their vessel. If she had gone ashore at Nigger Head, she would have been hundreds of miles out of her course, as she was bound for Europe.

It is probable the St. John agent of the Anchor line had reported the arrival of his vessel when she was sighted and she went on the rocks while making for harbor. She was a single screw iron vessel of 2,515 tons. She was built in Glasgow in 1881.

## STRIKE ORDERED FOR 20,000 MEN

Skilled Workmen in Iron, Steel and Tin Are Called Out.

PITTSBURG, June 29.—A strike order has been issued involving 20,000 skilled workmen.

All the iron, steel and tin workers must at once go out, in compliance with the order.

It is very probable that other trades will be affected and the number of strikers may be doubled.

The joint conference committee of the Amalgamated Association of Iron, Steel and Tin Workers and the American Sheet Steel Company and the American Steel Hoop Company, which had been in session, was unable to reach an agreement on the wage scale for the ensuing year and adjourned finally after a session of less than twenty minutes.

May Add \$5,000,000 to Tax List. The Tax Board has completed the scheduling of personal assessments for this year. It was said today that the amount of personal property now for taxation this year would exceed last year's by at least \$5,000,000. A meeting of the Council will be held Monday, when the tax books will be turned over for public inspection. In August Mr. Colar will present an estimate of expenditure for next year. This compared with the assessments, will determine the tax rate.

## JUMPED FROM HIGH BRIDGE.

George R. Sheldon, Probably Madened by Heat, Was Severely Injured Internally.

George R. Sheldon, a middle-aged man of respectable appearance, supposed to be a broker living at 231 West Fifty-fifth street, jumped from the lofty span of High Bridge into the Harlem River at 3 o'clock this afternoon.

A policeman Carney and several bathers saw him as he sped downward toward the water and struck in a doubled-up position.

They went out at once and brought his apparently lifeless body ashore. Twelve Wesley Hall, of the High Bridge station, succeeded in partially reviving Mr. Sheldon, who gave his name and address and again relapsed into unconsciousness. He was taken to Fordham Hospital.

At the hospital an examination showed that he had sustained internal injuries, and was also suffering from the heat. Whether Sheldon jumped to commit suicide or while insane from the heat is not known. His condition is precarious, although the physicians at the hospital say that he may live.

Earlier in the day he appeared at the Woodlawn Hotel, Highbridge, and was in a very jolly mood, though he did not appear to have been drinking. He walked to the centre of the bridge, threw his coat and hat into the river, and leaped after them.

## BRYAN'S BITTER ATTACK ON PARTY.

Erstwhile Presidential Candidate Tells the Evening World His Views.

"I want to reiterate," said Col. William J. Bryan to an Evening World reporter to-day, "that I am not a candidate for the Presidential nomination in 1904, and I also want to say that I rank presumption on the part of the Eastern Gold Democrats and others to attempt to reorganize a party they did their best to wreck."

"If these men want a party incorporating the principles they advocate, it would be best for them to start a party of their own. They have no place among Democrats."

POLO GROUNDS, June 28.—With a new man in the line-up the Giants tackled the Chicago Remnants to-day, prepared to clinch their hold on second place by dealing out a wallop to Tom Lott's crippled crew from the Windy City. That rip-roaring finish of yesterday, when Davis's hurler nailed the game out of the fire by desperate swinging of the sphere, after two men were

seen to make a stout effort to reach the lead in the pennant race.  
Chance for First Place.  
With the Chicago good things here for three games and the Pirates tackling the Quakers over in Glenside, the Giants have at least an outside chance to take the pace-making job once more before they start for the wild and woolly West. The Phillies have been sporting along at break-taking speed lately, and in their present form they are capable of doing things to the Smoketown crowd.

Mathewson Pitched.

City batsmen. They bumped him good and hard in Chicago two weeks ago, but he was a trifle off then and he declared before the game to-day that he would trim the men from Chicago if he stewed off 20 pounds in the effort.

The remnants are badly crippled just now. Cupid Childs is on the hospital list, and Charley Dexter went out to tackle the second basemen's job with an ankle as big as a barrel, the result of the impact of a pitched ball yesterday at Philadelphia.

Giants' New Man.  
The new man in the Giants' batting order is Algey McBride who was released yesterday by Cincinnati. McBride is a well built young fellow, and the fact that Davis placed him third in the batting order showed that he respects his batting ability. He was sent out to right field, and Sammy Strang retired to the bench. Little "Spider" Nelson, who has been hitting the ball better than Strang lately, was kept at second base.  
Jack Doyle was back in the game again for the Windy City crew. Ruben Waddell, who pitched a great game against Mathewson in Chicago, was on the slab for the visitors.  
7,000 Spectators.  
About 7,000 fans sweltered in the stands and bleachers when play was called.
